EDUCATION

Schooling

Central Modern School

01/2012 - 01/2021

• Class-X: 94.50% (2018-2019) • Class-XII: 97.50% (2020-2021)

Bachelor of Technology(CSE)

Guru Nanak Institute of Technology

07/2021 - 06/2025 • CGPA: 9.29 / 10.0

PROJECTS

HireRadar

04/2024 - 06/2024 • Guru Nanak Institute of Technology

[Visit HireRadar](#)

This project implements an automated irrigation system using Arduino to monitor soil moisture, rain, light intensity, and humidity. Based on sensor readings, it controls a servo motor to adjust irrigation valve position and activates a pump using a relay for optimal plant watering.

AR Based E-Commerce Platform

01/2025 - 05/2025 • Guru Nanak Institute of Technology

[Visit My Augment Cart Site](#)

AR-e-commerce platform: 360° product views, in-home AR placement, virtual store tours. Built with WebGL build + Unity, Node.js/MongoDB backend and Razorpay for secure, seamless shopping—enhancing accessibility, realism, and customer confidence

Credit Card Fraud Detection

01/2024 - 05/2024 • Ardent Computech Pvt. Ltd.

<https://github.com/Dev1903/Credit-Card-Fraud-Detection>

This is a Machine Learning project which uses algorithm and learns on a training and testing dataset to predict and detect whether a credit card is authentic or fake.

MERN-Ecommerce

07/2024 - 10/2024 • Guru Nanak Institute of Technology

[Visit My MERN Ecommerce Site](#)

This project utilizes an Arduino Nano and an IR sensor to detect closed eyes (indicating potential drowsiness). When the IR sensor detects closed eyes for 2 seconds or more, it stops the motorized car, activates a buzzer, and lights up a red LED as a warning until the eyes are opened again.

Personal Portfolio Website

04/2024 - 06/2024

[Visit My Portfolio](#)

This is a front-end based website which showcases my skills and the projects i have undergone during my academic journey and also has an option for downloading my CV.

SUMMARY

I am a student and an eager developer who is proficient in the Java programming language and is an intermediate Full Stack Web Developer. I am committed to improving my skills in Java software, growth and development skills and front-end web technologies. I am passionate about learning and happy to contribute to projects that make use of languages.
